TITANIC'S CAPTAIN OR HIS GHOST SEEN BY OLD FRIEND

BALTIMORE, (Md.), July 20.—The statement that Captain E. J. Smith, commander of the ill-fated Titanic, was not drowned, but was seen yesterday morning in Baltimore was made today by Peter Pryal, a retired mariner of this city, who was quartermaster on the steamship Majestic, of the White Star line, thirty years ago, when Captain Smith commanded that vessel.

Pryal said that he had not only seen the captain, but talked with him. Pryal also said that he saw Captain Smith last Wednesday morning, but was skeptical as to his identity and to confirm his belief that the captain was alive, went to the same spot yesterday morning and again saw the captain.

Saw Captain on Street.
It was while on his way to the office of Dr. Mactier Warfield for treatment for an internal disorder last Wednesday that he saw, he first saw approaching him the commander of the Titanic. Attired in a neat-fitting business suit of a light brown color, straw hat and tan shoes, the man carried two suitcases and was staring straight ahead. Pryal approached him and spoke, but received no reply. The man seemed unconscious of his surroundings and continued walking rapidly west out Baltimore street.

Yesterday morning Pryal went in Baltimore and St. Paul streets and stood on the corner for almost an hour. Finally he saw the same man approaching. Walking up to him, he said:

"Captain Smith, how are you?"
Then, according to Pryal, the man answered:

"Very well, Pryal, but please don't detain me; I am on business."
Without realizing what he was doing, Pryal followed the man. Several times the latter turned and when he finally saw Pryal behind him rushed into the Calvert building and, according to Pryal, endeavored to lose himself in the crowd. Pryal was behind him, however, and followed him through the Equitable building and saw him board a car. He pursued boarded the same car and saw the man get off at the Washington, Baltimore and Annapolis station, where he purchased a ticket for Washington.

As he passed through the gates to board the car, he turned to Pryal, smiled, and said:

"Be good, shipmate, until we meet again."

Knew The Captain Well.
Pryal, when seen today, said that he did not expect to be believed when he told of the incident, and added, with great earnestness, that he was willing to swear to his statements.

"There is no possibility of my being mistaken," he said. "I have known Captain Smith for many years. When he commanded the Majestic, I was his quartermaster, and the White Star line officials will vouch for this. I entered their employ on the Republic, but was later transferred to the Majestic, just after Captain Smith was raised to the rank of commander. I would know him even without his beard. After what I have seen, I firmly believe that the Titanic's commander escaped a watery grave and was in some mysterious manner saved and brought to this country."

RIDE FOR LIFE WITH CHILD OVER DESERT

Camper Carries Daughter, Bit by Mad Skunk, to Pastor Institute

AUSTIN, Tex., July 9.—After a trip of 1,200 miles by train, following a ride of fifty miles across the Arizona desert on horseback carrying his ten-year-old daughter upon the saddle with him, J. A. Slaughter of Clifton, Arizona, arrived here this morning and placed the girl in the State Pasteur Institute for treatment for hydrophobia.

Mr. Slaughter and his family were camped in the White Mountains of Arizona. Last Friday night a mad skunk bit Vida, the little daughter, upon the nose while she was sleeping upon the ground. Her cries awakened the family. It was only after a hard battle that the animal was driven off and killed.

Hastily mounting his horse and taking the girl in his arms, Mr. Slaughter set off for the nearest railroad station, fifty miles away. He made the trip in record time. Close behind him came Mrs. Elizabeth Laney, the child's aged grandmother who was determined to accompany the little one to Austin. Mrs. Laney made the trip through the trackless desert on horseback alone, changing horses at a Mexican ranch house. She reached the railroad station a few minutes behind her son-in-law and granddaughter and accompanied them to Austin.

The girl is doing well.

The proof of the political pudding is in the distribution of the plums.

Cable News SOUTH DAKOTA IS DISABLED

[Associated Press Cable]

WASHINGTON, August 2.—Word reached the navy department today that the cruiser South Dakota, of the United States Pacific fleet, has met with an accident, which may delay that vessel's arrival for some time.

According to a wireless dispatch from the commanding officer of the vessel, the South Dakota, bound for Honolulu, broke her starboard tail-shaft last Monday, and is limping in to port in Honolulu, on one engine. The dispatch gives no details of the accident. No one is reported injured.

The Star-Bulletin gave the news of the disabled condition of the South Dakota to the public some days ago.

JORDAN SAYS U. S.

NAVY TOO BIG
MINNEAPOLIS, August 2.—President David Starr Jordan of Stanford University, in an address made here tonight, declared that the United States Navy is now four times too large, and urged the formation of a national defense commission, which would curb the expenditure for armament. He asserted that the expenses of the nation for battleships and military is passing all bounds.

AUTO FACTORY BURNED.

SAN FRANCISCO, August 2.—Eighty-two automobiles, valued at approximately \$100,000, were destroyed tonight when the body factory at Golden Gate avenue and Franklin street was burned to the ground. The fire, owing to the inflammable nature of the contents of the building was spectacular in the extreme, and gave the fire fighters a hard struggle before it was subdued.

FIND PLACES FOR

COMMERCE "JUDGES"
WASHINGTON, August 2.—The conference of the two houses of congress today decided to retain five members of the commerce court as judges of the circuit court.

PASS COTTON BILL.

WASHINGTON, August 2.—The house today passed a bill reducing the tariff on cotton twenty-one per cent. The measure is identical with that vetoed by the President some time ago.

OROZCO STILL PLANNING.

EL PASO, Texas, August 2.—Great was the rejoicing among the refugees from Mexico tonight when it was learned that congress had appropriated \$100,000 to pay their transportation from this city to any point they might designate to the government officials here.

It was learned here tonight that General Orozco, in spite of the many reverses he has met with of late, is again planning to attack the federal forces. This move, it is said, is contemplated, more with a view of forcing intervention, which apparently is the last hope that the rebels now have, of finally winning out.

EMPLOYMENT BUREAU FOR PALAMA SETTLEMENT

Miss L. K. Laukea of Palama Settlement, plans to establish an employment bureau in connection with Palama Settlement in the near future and by doing so hopes to stem the flood of inquiries as to employment that pours in upon the settlement workers every day in the year from anxious women and girls all desirous of seeking employment.

Miss Laukea's plan is to receive applications from employers and those seeking employment and will thus be able to accommodate the numbers of high school girls, nurse girls and others seeking work.

DR. GOODSPEED TO PREACH OF EUGENICS

"How to Make a Great Race" is the subject of the sermon which the Rev. Mr. Frank Goodspeed of the First Presbyterian Church of Oakland will preach at the Bijou theater Sunday at the first of the series of Sunday evening Union services to be held at the Bijou theater during the month of August.

The sermon is secular in nature and is a new analysis of the much-discussed topic of Eugenics. The Central Union quartet, consisting of Mr. Arthur Wall, first tenor; Mr. Hill, second tenor; Mr. Stanley Livingston, first bass; and Mr. George Brown, second bass, will furnish the music.

BOWEL COMPLAINT IN CHILDREN

Children when teething are liable to attacks of diarrhoea and this trouble, especially in warm weather, should never be neglected. The best medicine in use for ailments of this kind is Chamberlain's Colic, Cholera and Diarrhoea Remedy. When reduced with water and sweetened, it is not unpleasant, which is of great importance when giving medicine to children. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.
